

AGENDA FOR THE CITY OF BARABOO PUBLIC SAFETY COMMITTEE

Members noticed must notify Committee Chairman Wedekind at least 24 hours before the meeting if they will not be able to attend.

Date and Time: Monday, July 26, 2021 – **1:00 P.M.**

Location: City Services Center – 450 Roundhouse Court, Baraboo, WI

Members Noticed: Tom Kolb, Phil Wedekind, Michael Plautz

Others Noticed: Administrator C. Bradley, Mayor R. Nelson, Police Chief M. Schauf, Fire Chief K. Stieve, City Engineer T. Pinion, Utility Superintendent W. Peterson, Street Superintendent T. Gilman, BDAS Chief Caleb Johnson, Corey Noltner, and Library.

1. Call to Order

- a. Note compliance with the Open Meeting Law.
- b. Roll call.
- c. Approve agenda.
- d. Approve minutes of June 14, 2021 Public Safety Committee meeting.

2. Action Items

- a. Consider request for a second driveway to the existing Automit Soft Cloth Car Wash, located at 1015 8th Street, by Corey Noltner, d/b/a Double C Enterprise, LLC.
- b. Review and recommendation to approve the Proposal for Building Demolition & Disposal at 1606 8th Street.
- c. Review and recommendation to revise the City’s Official Fee Schedule to add a fee for CPR Training.
- d. Review and recommendation on Fire Department’s proposal to create a new Paid-On-Premise Firefighter program with a corresponding position description.
- e. Review and approval of monthly Billing Adjustments/Credits for Sewer and Water Customers for June 2021.

3. Information Items

4. Reports

- a. Utility Superintendent’s Report
 - i. Staffing updates
 - ii. Project updates
- b. Street Superintendent’s Report
 - i. Staffing updates
 - ii. Equipment Updates
 - iii. Monthly Report on Public Works Department activities

- c. Police Chief's Report
 - i. Staffing Update
 - ii. Case/ Response Update

- d. Fire Chief's Report
 - i. Monthly Incident Report
 - ii. Operational Study Update
 - iii. Staffing updates

5. Adjournment

Tom Kolb, Chairperson

Agenda Prepared by Kris Denzer
Agenda Posted by Kris Denzer on July 23, 2021

PLEASE TAKE NOTICE that any person who has a qualifying disability as defined by the Americans with Disabilities Act, that requires the meeting or materials at the meeting to be in an accessible location or format, should contact the Municipal Clerk (101 South Blvd or phone 355-2700) during regular business hours at least 48 hours before the meeting so that reasonable arrangements can be made to accommodate each request.

FOR INFORMATION ONLY, NOT TO BE PUBLISHED

MEMORANDUM

City of Baraboo

Date: July 22, 2021
To: Public Safety Committee
From: Tom Pinion
Re: Background for the July 26th, meeting @ **1:00 pm** – **City Services Center**

ACTION ITEMS:

Item A. The buyers of the Automit Soft Cloth Car Wash (who have an accepted Offer to Purchase) would like to add a second driveway on 9th Street, at the rear of their property. Any time a property owner requests a second driveway for their property, it requires Public Safety Committee approval.

Item B. In anticipation of the proposed mixed-residential development (on the 120-acre City-owned property on the south side of STH 33, 3/8 of a mile east of CTH T), the City recently issued an RFP for the demolition and disposal of the existing buildings at 1606 8th Street, formerly known as the Jackson Farm. Asbestos Abatement was previously completed. Proposals were received from 3 contractors with the results as follows:

Beaver Services, Inc.	\$22,400
Robinson Brothers Environmental, Inc.	\$22,800
Dean Blum Excavating, Inc.	\$26,870

Item C. The Baraboo Fire Department has certified Instructors and has started to offer CPR Training to the public. BFD is working cooperatively with Baraboo District Ambulance Staff on this new venture. Accordingly, the Fire Department Fee Schedule needs to be revised to reflect the corresponding the fee for CPR Training. The \$50.00/person charge is relative to what others charge for the same training. The mileage fee has also been update in the attached Fee Schedule to reflect the going rate. Please refer to the proposed Resolution and supporting documentation included in the packet.

Item D. Please refer to the proposed Resolution and supporting documentation included in the packet.

Item E. This is the standing agenda item to review and approve monthly utility billing adjustments. The adjustments for June 2021 are included in the packet.

INFORMATION ITEMS:

None

See you Monday at **1:00 PM !**

Minutes of the Public Safety Committee Meeting – June 14, 2021

Members Present: Phil Wedekind, Tom Kolb and Mike Plautz. **Others Present:** Tom Pinion, Mark Schauf, Kevin Stieve, Wade Petersen, and Tony Gilman.

Chairman Kolb congratulated Phil Wedekind for stepping down as Chairman of the PSC after numerous years.

Call to Order - Committee Tom Kolb called the meeting to order at 1:00 P.M. at Baraboo City Service Center. Compliance with the Open Meeting Law was noted. It was moved by Wedekind, seconded by Plautz to approve the agenda as posted. Motion carried unanimously. It was moved by Wedekind, seconded by Plautz to approve the minutes of the March 29, 2021 meeting with the correction of Plautz being present. Motion carried unanimously.

Action Items

- a. Consider Alliant Energy's request for a 12-foot wide utility easement for natural gas on City-owned land on the south side of the City Service Center campus, between S Center Street and Briar Street – Pinion said that Alliant Energy is in the process of redoing a fair amount of their gas network through the City. It was moved by Wedekind, seconded by Plautz to recommend approving Alliant Energy's request for a 12-foot wide utility easement. Motion carried unanimously.
- b. Review and recommendation to add two new streetlights on the east side of the 1300 block of Lake Street, between its two intersections with Springbrook Drive – Pinion presented the background for this topic. As the area has grown, he has received calls regarding the darkness in this area. It was moved by Wedekind, seconded by Plautz to approve adding two new streetlights on the east side of the 1300 block of Lake Street as requested. Motion carried unanimously.
- c. Review and recommendation public access from STH 33 to proposed subdivision development on the City-Owned property (a/k/a the Jackson Farm) on the south side of STH 33, approximately ¼ miles east of CTH T – Pinion presented the background of this item to the Committee. Reportedly, in 1992, the DOT compensated the Jacksons for the little bit of right-of-way they acquired along the front of their property and the document suggests the Jacksons were also restricted to a single private access point, which is the existing driveway. He said the DOT contends they formally acquired access control and they are not required to approve any additional access to STH 33. Pinion questions whether or not the DOT's acquisition applies to the subsequent owners, successors, heirs and assigns. The City has an interest in seeing the Jackson Farm develop to meet the increasing needs for housing in Baraboo and that two public access points are necessary in the interest of public safety to avoid a situation like the Blackhawk Manor Mobile Home Park, which has approximately 400 mobile home lots with Moore Street being the one and only access point onto South Blvd. An awful lot has changed since 1992; the ownership has changed, the property was annexed to the City of Baraboo from the Town of Greenfield, the City limits now extend 1/4 mile east of the former Jackson property, and the City developed a Comprehensive Plan showing a clear intention to develop the property. Given the magnitude of the changes over the last 28 years, Pinion suggested the DOT should be more receptive to allowing a second access given and that the City should agree to work with the DOT to control the number of access points in that ¾ mile of STH 33 east of CTH T (that was outside of the City limits in 1992). Kolb asked how the City would control it and Pinion explained the City's authority to regulate all land divisions and subdivision. The DOT contends that Schwartz property already has two approved access points, one private drive and one field entrance. Pinion said that the City could exercise its eminent domain authority to acquire the field entrance immediately west of the Jackson property and convert it into a public access point; however the DOT explained they had no obligation to convert a field entrance to a public entrance. Pinion explained that the City has appealed to Representative Considine's and Senator Erpenbach's offices and they are trying to work with staff at the DOT. Pinion said that he has had two virtual meetings with DOT's development team. Pinion explained he is soliciting support for two public access points from the City and the County in the interest of public safety. It was moved by Wedekind, seconded by Plautz to recommend approval of two public access connections onto STH 33, in the interest of public safety, to support the proposed development on the south side of STH 33 as presented. Motion carried unanimously.
- d. Review and recommend approval of the Water Resource Recovery Facility's 2020 Compliance Maintenance Annual Report (CMAR) – Peterson said that this report is the Utilities yearly report card, the crew and staff have done an outstanding job again, all As and one B. It was moved by Plautz, seconded by Wedekind to recommend approval of the Water Resource Recovery Facility's 2020 Compliance Maintenance Annual Report as presented. Motion carried unanimously.
- e. Review and approve proposed revisions to Utilities Fees on City's Official Fee Schedule – Peterson said that the revisions would incorporate at the new rate structure for the Water Utility, things that were passed by the Public Service Commission. It was moved by Wedekind, seconded by Plautz to approve the proposed revisions to Utilities Fees as presented. Motion carried unanimously.

- f. Review and approve the School Resource Officer Memorandum of Understanding between the City of Baraboo and the Baraboo School District – Chief Schauf presented the background. He said that the current MOU was created in 2017 and expires this year, and they are now trying to update it to what they are actually doing at this time. He said that the biggest change is the adoption of State Statute of Act 143, which is the School Safety Act. He said as part of that there are statutory requirements for doing threat assessment that the school has to do which involves the police department. He said that the MOU would then set the School Resource Officer as the primary point of contact. He said that the MOA clearly delineates that a police officer’s job within the school and show that they are not school staff. Schauf said that one thing Officer Sabol created in the Middle School is a contract against bullying, the student signs the contract and if they are involved in an active bullying that is reported to the school resource officer, she pulls the student in and also their contract, shows them what they did, and then writes out something that the student has to take home to their parents. He said that the new School Administrator is on-board with what is being done. It was moved by Plautz, seconded by Wedekind to approve the School Resource Officer Memorandum of Understanding as presented. Motion carried unanimously.

- g. Review and approval of monthly Billing Adjustments/Credits for Sewer and Water Customers for March, April, and May 2021 – There was no adjustments/credits for May. It was moved by Wedekind, seconded by Plautz to approve the monthly Billing Adjustments/Credits for March and April. Motion carried unanimously.

Information Items

Reports

- a. Utility Superintendent’s Report
 - i. Staffing Updates – Nothing to reports
 - ii. Project Updates – Peterson said other than the new business items discussed earlier the crew has finished the 2021 sewer cleaning and root cutting. He said that the crew is making good progress on the maintenance program for hydrants and valve. He said that they would have a contractor this summer to paint another 70 fire hydrants. Peterson said that the first disconnection day was on May 18, and the number of customers and dollars in arrear was not too different from pre-Covid-19.

- b. Street Superintendent’s Report
 - i. Staffing Updates – Gilman said that staff has been continuing with split shift that we have used since COVID.
 - ii. Monthly Report on Public Works Department activities – Gilman stated that the brush chipping crew has been sent out, as a filler task when there is a couple crewmembers available. He said responding to requested brush pickups on an as requested basis, and addressing those piles when there is an accumulated list of 10-12 has been working. He said there were a few incidents where tree contractors did work for residents and placed on the curb for City to pick up. He said the brush pickup program clearly states that the City will not pickup contractor generated brush, hoping this issue is resolved via word of mouth; however, if not a policy or ordinance may need to be created for enforcement purposes. Leaf pickup for spring 2021 is complete, with the next scheduled pickup to begin October 18, 2021. He said that the yard waste disposal site has been managed and the users cooperative. He said that there were a couple incidents of brush/garbage being dumped at the yard waste site; but the PD was able to identify the individuals and had them pick up the un-allowed materials for proper disposal. Traffic striping has been ongoing since warm weather. The painting crew will be painting crosswalks, centerlines, parking lots and No Parking areas. He said that the City would be going away from painting driveway ends yellow, as we are not obligated to provide that service. Street sweeping is ongoing through the spring/summer/fall months with early morning sweeping downtown every other Friday or the day prior to special events. He said that currently all streets and alleys have been swept at least once.
 - iii. Project Updates – Gilman said that the crew has started on alleys with the 2/3 – West to Center being rough prepped for future paving. They have begun cutting the 6-7 Birch to West alley on June 1 and expect to have that rough prepped by the end of the week. He said that it is his plan to then move to the 8th Avenue/Summit Alley and prepare for pavement. Gilman said Engineering staff is evaluating the intersection of Ott Lane/Jefferson and Parkside/Spruce drive to determine the feasibility of asphalt and concrete repairs. Gilman said that they have the usual street maintenance items to be address throughout the 2021 road construction season. Crack filling, asphalt patching, and stormsewer maintenance will be performed again this year.
 - iv. Informational items – Gilman said that the department is assembly a list of areas in which No Parking to be designated. He said that some areas have been found troublesome when entering or exiting alleys with the refuse/recycling equipment and plow equipment.

- c. Police Chief's Report
 - i. Staffing Update – Schauf said that Officer Voltz has been promoted to Detective and Voltz's position has been filled. He said the department is getting ready for summer activities such as the fair and 4th of July. He said with the changes in COVID policy the department is getting questions answered as best as they can. He said that the gas prices increased about 20% more than expected.
 - ii. Case Response Update – Schauf answered questions from the Committee regarding case response reports included in the packet.

- d. Fire Chief's Report
 - i. Monthly Incident Report – Stieve said the monthly incident report would be in the Council packet.
 - ii. Building Remodel Update – Stieve said the EMS has been in the building for a few months. He said that one HVAC rooftop unit was replaced. He said that they have a system in place where someone comes across something they scan a QR code and fill out a form to fix it. He said that he does have a PO pending for a front entrance door to make it more energy efficient and become a punch key lock.
 - iii. Staffing updates – Stieve said that there were some retirements at the end of April. He said there is one person taking the test on Monday, and he is applying with Baraboo Ambulance. He said that some of the retirees were officers and he is the process of contacting the people that were not promoted. He said that there are four lieutenant positions open with five candidates. Stieve explained the promotion process.

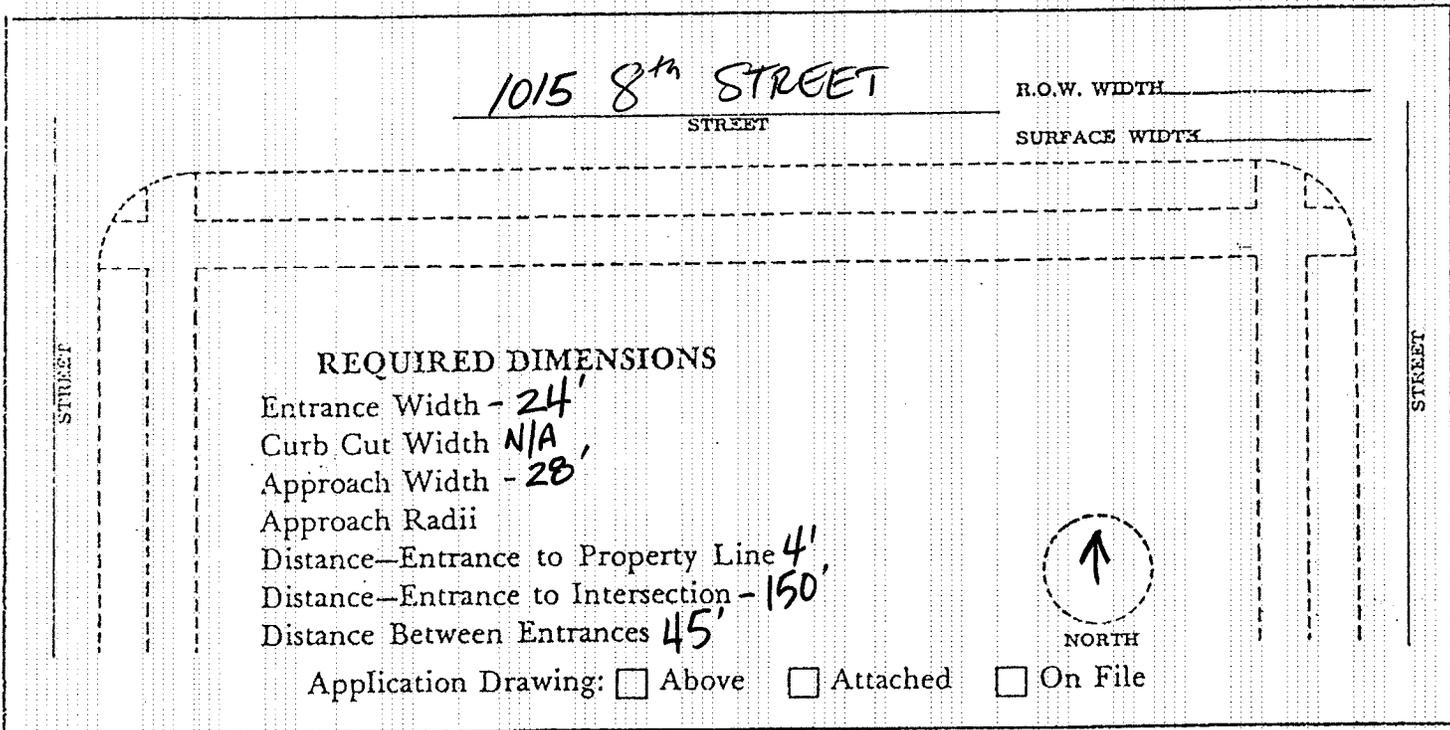

AJOURNMENT – It was moved by Wedekind, seconded by Plautz to adjourn at 2:02 p.m. Motion carried.

Respectfully submitted,

Tom Kolb, Chairman

The City of Baraboo, Wisconsin

Background: In order to offer another option for providing personnel for fire department staffing, I am requesting to start a Paid-on-Premise Firefighter Program. The personnel for this program are personnel that live outside of the required area to be a Paid-per-Call Firefighter (15 mile limit to fire station). This program allows staffing at the fire department during select hours and also allows us to get other required duties completed. A Paid-on-Premise Firefighter would be required to be scheduled a set number of hours per month and attend one training a month.

Originally an Intern program was planned, but potential requirements for extended benefits and the cost of those benefits would prove too costly.

The Position Description for this position would be identical to Paid-Per-Call Firefighter except for the residency requirement, training requirement and pay scale. The Position Description is in the process of being approved by the City Administrator.

Fiscal Note: one Not Required Budgeted Expenditure Not Budgeted

Comments:

Resolved, by the Common Council of the City of Baraboo, Sauk County, Wisconsin:

THAT the Fire Department Compensation Policy is approved including the Paid-per-Premise Firefighter Position and related compensation.

Offered by: Public Safety/Finance
Motion:

Compensation

1049.1 PURPOSE AND SCOPE

The policy outlines the method in which Members of the Baraboo Fire Department are compensated.

1049.2 DEFINITION

Paid-per-Call Member : A part time City of Baraboo Employee, who responds, when available to emergency, non emergency, other calls for service when activated, attends training, meetings and other functions as required by Department Policies and Procedures.

Paid-on-Premise Firefighter: A part time City of Baraboo Employee that does not meet the residency requirements (15 mile distance to fire station) of the Paid-per-Call Firefighter Position. This position would require the firefighter to complete a set number of shift hours and attend one training a month. ~~**Paid-on-Premise Firefighter:** A part time City of Baraboo Employee that does not meet the residency requirements (15 mile distance to fire station) of the Paid-per-Call Firefighter Position. This position would require the firefighter to complete a set number of shift hours and attend one training a month.~~

1049.3 POLICY

1049.3.1 INCIDENT RESPONSE COMPENSATION

A Paid-per-Call member shall be paid for attendance at emergency, non emergency, other calls for service and activities as authorized. The rate shall be determined from time to time as authorized by the Common Council.

Paid-per-Call members are responsible for signing in on the incident call sheet for proper compensation.

To receive credit and compensation, members must respond to the station within 15 minutes of the alarm time unless the incident is of the magnitude that requires all available personnel respond at different intervals.

Members that do not respond out on apparatus and are on stand by at the fire station, shall complete necessary station duties, for at least 20 minutes. These duties can include, but are not limited to, washing of apparatus, cleaning interior of apparatus, disinfecting station, cleaning areas of station. Time of day should be taken into consideration for these duties.

Members are not to leave fire station until verbal authorization is received from Incident Commander. If member(s) leaves prior to receiving verbal authorization, they may be subject to discipline including, but not limited to, not receiving pay for the call, written warning or termination.

Members will be compensated for incident calls that have been canceled only after it was acknowledged by Officer in Charge. This includes if the Officer in Charge advised Dispatch they

Baraboo Fire Department

Policy Manual

Compensation

were responding. Roll call can be limited to those that called in on I am Responding by simply sending a message stating same.

When allowed and the member arrives after the 15 minute period, the time of arrival shall be marked on the Incident Report where the person signs in.

Full-time personnel shall be paid in accordance with City Policy. (Rates shall be determined on an annual basis).

1049.3.2 TRAINING, DRILL AND MEETING COMPENSATION

Paid-per-Call members shall be paid for attendance and participation in scheduled Department training, drills or meetings. Full-time personnel shall be paid in accordance with City Policy. (Rates shall be determined on an annual basis).

Paid-per-Call members are responsible for initialing the roll call sheet for proper compensation for any required or extra training, drill or meeting.

Paid-per-Call members arriving late to a training or meeting one (1) hour or later shall be compensated at half the normal pay rate.

Paid-per-Call members shall be paid for attendance at all scheduled Department meetings. Full-time personnel shall be paid in accordance with City Policy. (Rates shall be determined on an annual basis).

Approval for compensation for outside training (e.g. from MATC) must be submitted to the Fire Chief before Registration. Members shall not be compensated until after successful completion of the training or course. Certificates of completion must be submitted for the individual's training records. The Attended Training Report shall be completed also.

For required training courses, i.e. Entry Level Firefighter, Firefighter I, Firefighter II, etc., any associated costs shall be paid for by the department for the initial test.

Reimbursement for expenses not covered by the registration fee, i.e. meals, lodging, mileage, etc shall be in accordance with City of Baraboo Policy entitled Expense Reimbursement (See Attachment)

1049.3.3 UNIFORM ALLOWANCE

Paid-per-Call members shall be paid a uniform allowance to be included with their last pay of the calendar year. The member shall complete one (1) calendar year of service before payment. Full-time personnel shall be paid such allowance based upon City Policy. (Rates shall be determined on an annual basis).

1049.3.4 OFFICER COMPENSATION

The Deputy Chief, Assistant Chiefs, Captains and Lieutenants shall be paid an annual salary for their respective positions. (Rates shall be determined on an annual basis and shall be contingent upon budget approval).

Baraboo Fire Department

Policy Manual

Compensation

1049.3.5 COMPENSATION CALCULATIONS/FUNCTIONS

The compensation rates and the actual hours worked shall be calculated to maintain a wage equal to minimum wage. Minimum wage is \$7.25. To calculate compliance with minimum wage laws all hours worked shall be calculated at quarter hour increments.

When there are multiple incident responses, compensation shall comply with minimum wage standard.. Example: If personnel are at an incident call and another incident call is dispatched all personnel will be compensated their base pay rate for only one of the incident responses, unless a particular call exceeds the threshold for minimum wage standards. All personnel will receive credit for the second call to maintain compliance with any call percentage performance standard.

Paid-per-Call members are paid the first pay period of the month for the previous month's wages.

Paid-per-Call members participating in a non-emergency function at the time of an incident call shall receive only percentage credit for such call as approved by the Incident Commander of the incident. Example: Members working the Brat Stand at the time of call will receive percentage credit for the call. The Shift leader at the Brat Stand should report the names to the Incident Commander. This would also include parades, schools etc.

Payroll deductions, processing and Direct Deposit are subject to Federal and State Laws and the payroll policies of the City of Baraboo.

1049.3.6 WORKER'S COMPENSATION

Paid-per-Call Members are covered by the worker's compensation insurance to the extent allowed by the Wisconsin Worker's Compensation Act.

1049.3.7 PENSION ANNUITY PLAN

All members of the Department are eligible to receive cash benefits from the Fire Department Benefit Fund after completing the required years of service. Eligibility is based upon the requirements of the Fire Department Benefit Fund By-laws.

1049.3.8 COMPENSATION RATES

Officer Wages

Deputy Chief \$1,650.00 or \$137.50 monthly

Assistant Chief \$1,350.00 or \$112.50 monthly

Captain \$900.00 or \$75.00 monthly

Lieutenant \$650.00 or \$54.17 monthly

Incident Call, Training, Meeting Wage and Uniform Allowance

New Firefighter	\$15.00
Entry Level Firefighter Complete	\$20.00

Baraboo Fire Department

Policy Manual

Compensation

This includes any new members that are hired with Entry Level Firefighter training that is complete
The date on the Entry Level Firefighter Certificate is the official date of pay rate change.

Firefighter I Certified Probationary \$25.00

This includes any new members that are hired with Certifications of Firefighter I or higher.

The date on the Firefighter I or higher Certificate is the official date of the pay rate change

Once the member successfully completes the probationary period they move to the appropriate pay level

Firefighter I or above Certified and Active Status \$30.00

Employee Reimbursement.pdf

Section 9 TRAVEL GUIDELINES

9.01 Expense Reimbursement

A. POLICY: Where an approved trip is necessitated by City-related business, seminars, or school, public officials and employees will be reimbursed for meals, lodging, or any other necessary expense provided that an expense sheet is completed and substantiated with any required explanations or receipts. All reimbursement costs are limited to city employees and public officials. The City Administrator must preapprove all out-of-state travel. The City Administrator must be advised in writing of all travel in the state requiring overnight stays. For the remainder of this policy, all references to employees also include public officials.

B. PROCEDURE:

1. All claims for meals must be supported by a detailed and itemized receipt from the establishment where the meal occurred.
2. No claim for meal reimbursement will be made from any establishment within the City except for a "working meal," that is, a meal which is essential and justified, both being considered an unavoidable element of the meeting or event and where the employee or officer has a substantive educational, technical assistance, policy-making, or similar role at the meeting or event. "Working meals" do not include meals at meetings and events attended purely out of interest, even when related to the employee's or officials established municipal capacity. All in-City meals that are reimbursed require Department Head, or in the case of a Department Head, the City Administrator's, approval and signature. Claims for meal expense reimbursement must represent actual, reasonable, and necessary expenses
3. Maximum permitted amounts are established by the Finance/Personnel Committee. The current rates are:

<u>Morning Meal [B]</u>	<u>Noon Meal [L]</u>	<u>Evening Meal [D]</u>
\$10.00	\$15.00	\$25.00
Depart before 6 A.M.	Depart before 10:30 A.M. & return after 2:30 P.M.	Depart before 2:30 P.M. & return after 7 P.M.

Times of departure are per current IRS regulations, regardless of employee's work shift. The maximum allowable tip is 15 percent (15%) of the meal claim and is in addition to the figures shown above.

4. Any unusual amounts must be fully documented and accompanied by a full explanation of the reasonableness of such expenses. An unusual amount is a cost that is incurred outside the control of the individual.
5. No reimbursement will be made for the cost of alcoholic beverages.
6. No reimbursement will be made for alternate meals when meals are provided by the conference or training organization. Continental breakfasts provided free by hotels and conference sites are considered breakfast and therefore, additional breakfast meals will not be reimbursed. Snacks or beverages in-between meals will not be reimbursed as these are not considered meals unless they are taken in place of a meal.
7. Reimbursement for meals for employees will be allowed in conformance with the above guidelines on trips that necessitate an overnight stay and the condition that dinner is reimbursable if the employee leaves the workplace for the destination before 2:30 p.m.

8. Necessary travel related costs such as tolls, cab fares, gas for City vehicle, emergency costs (i.e., towing, disabling auto repairs), reasonable hotel/motel costs, entrance fees, and other forms of necessary travel related expenses must be itemized on an expense report and should be accompanied by receipts and explanations to the fullest extent possible. In the case of tolls, it is understood that a receipt may not be possible, but a record should be maintained and reported.
9. Usual and normal tips are reimbursable. Expenses for personal services are not reimbursable. Examples include valet, spa, salon, room service, phone, movies, room upgrades, etc.
10. For accounting purposes, employees should note if all or part of the expenses incurred on a trip have been previously budgeted, in what amount, and under what account number.
11. Use the City's Expense Report form to report expenses (A Seamless Doc that is located on different station computers or link from Fire Chief or designee). Obtain the proper signature(s) to approve the expenses and forward to the Finance Department for disposition.
12. If a cash advance has been taken, be sure to show that on the Expense Report form so that the proper reimbursement or payment to the City is reflected.
13. City employees are expected to seek the lowest cost available travel method including bus, air fare and passenger train. If no significant discounts are available due to late booking, the pre-approval of the City Administrator for the expenditure is required. Employees will utilize bus, air or rail travel only when it is deemed the most efficient mode of transportation. Bus, air or rail travel may only be used for trips greater than 300 miles. Only scheduled commercial air, bus or rail travel may be used. It is expected that persons traveling to the same destination will car pool. No mileage will be paid to employees traveling with family members if another city employee is prohibited or discouraged from carpooling.
14. Employees of the same gender are expected, but not required, to share rooms if attending the same event. When family members travel with the employee, the city will reimburse the hotel rate for a single room.
15. IRS rules will govern concerning taxable meals. This generally only applies to day trips.
16. Picking up the Tab. Costs of 'the tab' will be divided equally among the participants involved and therefore will share equally the tax burden of the entire group. Anyone wishing to avoid this should request a separate bill and pay separately from 'the tab'.
17. City officers and employees will be reimbursed for the use of their private vehicles for trips on authorized City business at the IRS allowable rate in effect as of at the time the expenses are incurred. **NOTE:** The City has a vehicle that can be made available for transportation related to City business, seminars, training, and meetings and its use is encouraged. Refer to Section 9.01, Use of City Owned Vehicles, of this Handbook for how to reserve this vehicle and the rules applicable to its use.

9.02 Use of City-Owned Vehicles

- A. **Policy.** This policy applies to every employee in all City departments except for those receiving a monthly car allowance.
- B. **Procedure.**
 1. Generally, no City-owned motor vehicle is permitted to carry or convey any person who is not directly or indirectly engaged in a City service that is incidental to the use of such motor vehicle. Employees who are off on-call status and Department Heads who are assigned a vehicle may, due to the nature of work and the need to facilitate their availability, use a City owned vehicle for personal use within a ten mile radius of the City.
 2. Any City officer or employee who has the use of a City-owned vehicle will be required to reimburse the City at the IRS mileage rate in effect as of January 1st year for personal use of a vehicle. Personal

use will include transportation to and from an employee's or officer's home and his/her place of employment and any other use that is not related to or connected with the officer's or employee's job duties or other work for the City. If the transportation between an officer's or employee's home and place of employment is exempt as a taxable benefit under the Internal Revenue Service rules relating to use of a company owned vehicle, the officer or employee will not be required to reimburse the City for personal use of the vehicle for such travel. If this is the case, proper documentation should be noted in the employee's personnel file.

3. City-owned vehicles will be used outside the corporate limits of the City of Baraboo when such use involves routine City activities necessary to carry on the normal functions of the employee or officer using the vehicle. Any other use of a City-owned vehicle outside of the City will be subject to the prior approval by the appropriate Department Head or his/her designee. A City-owned vehicle may be used for transportation to and from approved training and seminars outside of the City.
4. Arrangements/reservations for use of the City-owned vehicle should be made through the Police Department where a record of the vehicle's availability is maintained and where keys are disbursed. The employee using the vehicle should promptly return the keys on the same or next business day.
5. Traveling companions with the same destination as the employee are allowed. All passengers and the driver must wear seatbelts. Unless an emergency arises, the Baraboo City employee must be the operator of the vehicle. Personal errands in the course of travel are not allowed when the employee is representing Baraboo on official business. There are a few exceptions such as:
 - a. Attendance at an out-of-town conference, staying overnight, and invited out to dinner by other conference attendees.
 - b. While at a conference, personal items from a pharmacy or store must be obtained.
 - c. On the way to or from the conference, before or after business hours, an outlet mall or bank, for example, is directly passed and a stop is made to pick up an item.
6. Any use of a City-owned vehicle not specifically covered in this policy will require the prior approval of the City Administrator. The determination whether the use of a City vehicle is a personal use subject to reimbursement to the City or a City related use, will be made by the City Administrator.
7. Employees using a City-owned vehicle must obey all traffic laws at all times while using the vehicle, and must report to their supervisor, Department Head, or the City Administrator if they receive any citations that attach to the vehicle (i.e., parking ticket, failure to pay a toll).
8. Employees shall promptly report all vehicle accidents to their supervisor, or the City Administrator, if damage was caused to the vehicle or the property of any other party, or whenever any personal injury resulted from the accident.
9. Employees transporting minors while on the job and for work related reasons must use a City-owned vehicle unless the employee receives permission to use their personal vehicle from the Department Head or City Administrator, except in a bone fide emergency.

July 2021 STREET DEPARTMENT STATUS REPORT

Staffing Updates

- No new staffing to report. DPW staff has been continuing with the “split shift” that we have used since the beginning of COVID.

Activity Report

- **July 14th Storm:** DPW crews were called in at approximately 5:30pm due to the damage caused by the wind storm that occurred. Wind gusts of 70 mph+/- caused several private and right-of-way trees to topple or break, blocking streets and sidewalks. Two crews of three were sent out with chainsaws and chippers to open streets and sidewalks. Parks Department employee Randy Seymour came in with DPW staff and used the end loader to move larger limbs/logs. The majority of material was stored street side until the following day when daylight was available again, and Alliant had sufficient time to address downed power lines. Many delays were experienced due to people out driving around to observe the damage. Our crews mentioned that there were several times they could not begin clean-up due to a vehicle backup where they were trying to work.

Due to the massive quantity of storm damage material, we opened the brush site until end of day July 31st. We offered contractors the opportunity to bring City of Baraboo storm damage material to the site for disposal with the intent that our residents would see some financial relief on their storm damage clean-up costs. A couple contractors chose not to stray from their normal operations and declined our offer. Since Thursday July 15th, we have had the Prentice loader and a minimum of two trucks hauling storm damage material steadily. We also had a chipper crew out picking up smaller piles on the 15th and 16th. For large trees that were damaged to the point of removal or limbs that were beyond reach of our “extenda-saw”, Tom worked with the City of Portage to rent their bucket truck for a limited period of time.

Overall, I feel the staff handled the immediate response very well, and have been addressing the necessary clean-up areas in a timely fashion. Resident response has been fantastic with many taking a moment to express appreciation for our efforts.

- **Traffic Striping:** Traffic striping will continue when materials are available. Yellow traffic paint is extremely hard to come by this season. After speaking with three different vendors, they are all experiencing an extreme shortage.
- **Street Sweeping:** Street sweeping is ongoing throughout the Spring/Summer/Fall months with early morning sweeping downtown every other Friday or the day prior to special events.

Project Updates

- **Alleys:** The following alleys have been completed: 2/3 - West to Center, 6/7 - Birch to West, 9th/Summit. The 11/12 - Ash to East Alley is rough prepped with a final grading scheduled for the week of 7/26 with hopes of paving occurring during the same week. The Lynn/Walnut alley

excavation began on 7/21. The alley will remain as base material until heavy truck traffic has been minimized.

- **Intersection Repairs:** Engineering staff is evaluating the intersection of Ott Lane/Jefferson and Parkside/ Spruce Drive to determine the feasibility of asphalt and concrete repairs. Both intersections have suffered serious pavement degradation due to the lack of drainage.
- **Street Maintenance:** We have the “usual” slate of maintenance items to be addressed throughout the 2021 road construction season. Crackfilling, asphalt patching, and stormsewer maintenance will be performed again this year. Due to the nature of the work and the startup/shutdown process, we may be implementing a 4-10 weekly work schedule to maximize the “time on site” for the crew assigned.

Informational items

- **Delayed One Month:** We are assembling a list of areas in which we will be requesting No Parking being designated. We have found some areas to be troublesome when entering or exiting alleys with our refuse/recycling equipment and plow equipment. Many times due to vehicles being parked across from the end of these alleys, our equipment is forced to drive over the grass area of the terrace to safely exit or enter the alleys. I will bring a list of the areas with distances requested so we can add all areas to the ordinance in one session..... if approved.

Thank you, The DPW Crew
